

Local Flier, 19, Falls From Plane; 'Chutes To Safety

Dick Bates, Army Air Forces, aerial gunner, son of Mr. and Mrs. Harry Bates of 13-F Ridge Road, inadvertently joined the Caterpillar Club in the course of one of the strangest accidents to befall a Greenbelt boy in training.

It happened in Las Vegas, Nev., where several local youths have received flying instruction. Nineteen-year-old Dick was in a training plane that was "running" on a towed target, and when he stood up to take aim, his safety belt broke. As he catapulted from the cockpit he somehow managed to catch hold somewhere near the tail. There he dangled into space while the pilot flew the thirty miles back to the field and ordered him to jump. This was Dick's first jump, and no joke, as the plane was 10,000 feet up, but he made it all right, and has written his family that he suffered no ill effects whatever. He wrote his dad that it took him fifteen minutes to come down to earth.

Dick has been at Las Vegas since February, and last week completed his course as an aerial gunner. He was assigned to a regular flying squadron last Wednesday.

While in Greenbelt Dick was an enthusiastic member of the Gun Club. He was on the football team of Greenbelt High, from which he graduated last year.

295 Cast Ballots In Local Election; Mayor Leads Field

Allen D. Morrison again led the field among the candidates for town council elections this year—but with only a one-vote edge over Frank Lastner. Others elected were Fred DeJaeger, George Bauer and Paul Dunbar.

Two years ago Mayor Morrison was the only candidate elected on the first ballot and led his nearest rival by 108 tallies. More than 600 ballots were cast in that election as against only 295 this time.

Will Meet Monday

Monday night the new Council will have its first meeting, and will name one of the five councilmen as mayor.

The completed count of ballots last Tuesday showed the following totals:

Morrison—211, Lastner 210, DeJaeger 208, Bauer—189, Dunbar—181; David R. Steinle—160, and James A. Flynn—89. Mr. Flynn is the first write-in candidate to ever secure a sizeable number of votes in any Greenbelt election.

Anemic Blood Index Seeks Transfusion

Periodically the Greenbelt Blood Index has come into the news as having served the citizenry in time of urgent need. This time it comes with an earnest appeal for all servicemen and all able-bodied men and women who have been bloodtyped through the Red Cross to join the ranks with those who have kept this noble and public-spirited enterprise functioning for over five years.

In July, 1938 a canvass of the entire town of Greenbelt was made to ascertain how many people would be willing to volunteer as blood donors for Greenbelters in time of emergency. The affirmative response was almost unanimous, and immediately, under the direction of H. W. V. Letkemann, the bloodtyping of the townspeople was under way. Before long one hundred and fifty names were contained in an index which carried the name of each person with his or her major blood group.

Calls for donors became frequent and the response was always gratifying. The indexing of blood types greatly reduced the time usually spent in hunting for donors and the proper blood type. The address and telephone number, home and business, made the contact almost immediate. Of the four or five donors called each time, at least one donor's blood generally "crossmatched", and the job was done—a saving of life, time and money.

Numerous transfusions have been serviced by the Greenbelt Blood Index since 1938. Because many old-timers have left town, and because of the difficulty of getting technicians to do the typing, the Index has become a mere skeleton of its former self. Its existence has been justified over and over again. The fact that it is a free service has encouraged many to submit to necessary treatment.

Now that the donor drives of the Red Cross, as well as the typing of servicemen, has made people blood-type and transfusion conscious, and since the blood index is a "civilian defense" set-up, the time should be ripe to obtain an almost inexhaustible roster of those willing to give blood in time of emergency.

Several months ago solicitation by air raid wardens was contemplated but due to the magnitude of the project the Greenbelt American Legion Post will conduct the program.

Former Teacher Returns As Elementary School Principal

BY EDNA STRIPLING

Mrs. Elizabeth S. Fugitt, formerly a teacher for two years in the Greenbelt Elementary School from 1938-40 under Mrs. Catherine T. Reed, now returns as her successor.

Mrs. Fugitt's two years at Greenbelt were the last two of 17 years spent teaching in various schools in Prince Georges County before leaving to teach in Montgomery's progressive Parkside School under Mrs. C. Mabel Smith. After three years at the Parkside School she was as we might put it "drafted" for her present job. You see it was in no small measure her outstanding work at Parkside under Mrs. C. Mabel Smith's guidance that pre-eminently fitted her to be Mrs. Reed's logical successor.

The Greenbelt school has a three-fold good fortune as Mrs. Reed who has been with the school since its beginning is to continue in a supervisory capacity and Mrs. Smith is to continue in the role of curriculum consultant. Her reputation in this field is nationally known as well as her ability to guide her own school Parkside in the practice of progressive education.

Mrs. Fugitt's plans for Greenbelt's school program, to quote her, are "just the same" as Mrs. Reed's. In other words both are devoted to the philosophy that the child's school life is but a part of his larger experience in living and should be devoted to making his whole life experience as potentially rich, as productive, and as happy as possible. This is the basic concept of the functional school.

So—Mrs. Fugitt steps into a big and difficult job but with the confidence that she will have the united support of the Greenbelt Community. Especially will that support be needed under the stress of war-made difficulties and obstacles.

A warm welcome, in fact a delightful initiation was given her she says, during the recent gas rationing at the school which she was in charge of. She received a generous response from volunteers.

type and wish to serve their fellow townsmen may call Greenbelt 4841. If at any time a member of the family should require a transfusion they may call the chairman, Mr. Lakemann, at the above telephone number and the steps will speedily be taken.

All the way from a one room schoolhouse to the head of one of Maryland's most progressive schools is Mrs. Fugitt's career story.

Born Elizabeth Smith in Chestertown, Eastern Shore, Md., Mrs. Fugitt was nicknamed "Fuss" slightly after birth by her three year old brother who found her in that state on first seeing her. She says that her intimates hardly call her by any other name. Despite the connotation, Mrs. Fugitt enjoys the nickname which, in itself is complimentary.

After finishing the public schools Mrs. Fugitt graduated from the State Teachers College at Towlson, Md. Her first teaching job was at Seat Pleasant, Md. which lasted 11 years. The next six years were spent teaching with Mrs. Reed, her predecessor at Greenbelt; first at Mt. Rainier, three years; Cottage City, one year; and the last two of the six here at Greenbelt. This association, as you can see, enabled Mrs. Reed to come to know her ability and to watch her growth in the teaching field.

Mrs. Fugitt has extended her training by attending various summer schools at the University of Maryland. An added qualification for her role as principal is

Photo Course Offered

Photographers or potential photographers will have a chance to learn about cameras and how to take good pictures through the adult education class in photography which will be organized Monday in room 224 of the elementary school. Wilfred J. Mead of Greenbelt will teach the class if at least fifteen camera addicts make an appearance at this meeting at 8 o'clock.

The other courses under way are shorthand and typing, and industrial arts in the high school, meeting on Monday and Wednesday evenings at eight o'clock. The clothing group, Monday and Wednesday and foods and nutrition Tuesday and Thursday meet in the home economics room. The Spanish class meets Friday in room 221 of the Elementary school. Courses in the other languages, Russian, French and German are also offered if 15 or more people show an interest in any one or more of them. These are being organized in Room 224 Monday and Wednesday. All classes are at 8 p. m.

Church Dinner To Honor the Bradens

The Community Church this year is combining its annual dinner meeting with a farewell dinner to Mr. and Mrs. Roy S. Braden. The dinner will be served in the auditorium of the Community Building, Thursday, September 30, at 6:45 p. m.

This dinner is open to all members and even occasional attendants at the Community Church.

After the dinner the pastor and the chairmen of the various committees will present mimeographed reports, and the meeting will be concluded by Mr. Braden's farewell address.

Tickets may be obtained any time during the week at the following addresses, or at the church Sunday morning: Mr. and Mrs. G. E. Sheaffer, 58-G Crescent Road; Mr. and Mrs. Daniel Neff, 3-D Ridge Road; Mr. and Mrs. Harry Bates, 13-F Ridge Road; Mr. and Mrs. James Beck, 8-M Southway; Mr. and Mrs. John Holmes, 23-J Ridge Road; Mrs. Morton Smith, 18-C Parkway; Mr. and Mrs. Eshbaugh, 33-M Ridge Road, Mr. and Mrs. Wilcox, 10-L Plateau Place.

All reservations must be made not later than Monday, September 27. A nursery will be provided for those who desire to leave their children either during the dinner or during the after dinner ceremonies.

Band Bake Sale

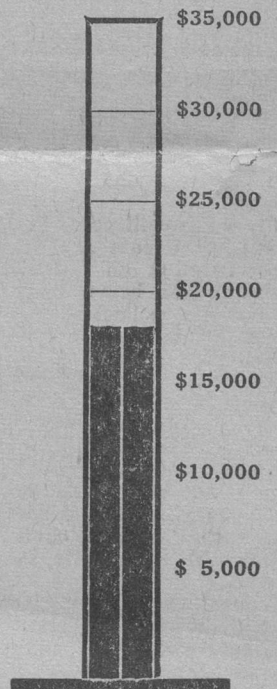

A bake sale will be held in the Food Store Saturday, October 2, for the benefit of the Community Band. Mrs. Rolfe Sauls, chairman of the committee reported that cash donations have been coming in steadily since the first announcement of plans for the bake sale. A goal of \$150 has been set.

Deadline

Because of the increased difficulty of getting the paper set up within the time previously allowed, it is now necessary to set our deadline for Tuesday night. It will be impossible for news items to get into the paper unless they are brought or mailed to the office by Tuesday. Your cooperation will be appreciated.

Bond Drive End Nears; Quota Is Half-Subscribed

Greenbelters will have to greatly increase their investments in war bonds during the next few days if the local campaign is going to reach the \$35,000 quota.

This town's part in the treasury's Third War Loan, Back the Attack drive neared the half-way mark last night.

Mahlon Eshbaugh, of the local post-office, reported that a total of \$16,725 had been invested since September 1 up to closing time last night. The sales this week totaled \$5,825.

The total war bond sales, as listed by Mr. Eshbaugh, are as follows:

287—\$25 bonds—\$7,175.
37—\$50 bonds—\$1,850.
52—\$100 bonds—\$5,200.
1—500 bond—\$500.
2—\$1000 bonds—\$2,000.
Total: 379 bonds—\$16,725.

The campaign committee had hoped to arrange for the naming of a landing barge after the town if the \$35,000 quota should be reached.

The local barber shop has been aiding the Back the Attack campaign by giving a free haircut with each bond purchased. Current reports say that the barber shop idea is paying big dividends.

Common Sense

The recent action on the part of the Federal Public Housing Authority in insisting that the Town Council of Greenbelt be called in to help select the new town manager when and if Mr. Braden leaves is a commendable one. As one of the officials is reported to have said, "we don't have to live with him, you do".

It is important that Greenbelt, through its councilmen, have a voice in the selection of the manager since it is the practice to have one man hold the two jobs. Mr. Braden has represented the government agency concerned with Greenbelt and at the same time has served as town manager.

This has been a very satisfactory and at the same time an economical arrangement. It would create a lot of confusion if an attempt were made to separate the two positions. For instance, there would be untold problems unfold if it was decided to separate the maintenance duties. It would be very difficult to determine just where the town should be responsible and where the housing agency should take over.

From the standpoint of being economical, the same point holds true. We are sure of getting a better qualified man to fill the job if the salary cost is pooled into one larger sum.

We can be very thankful that the Federal Public Housing Authority has recognized the importance of having Greenbelt satisfied on the choice of the man to take over the duties of the town manager. It is a common sense decision.

Tin Can Collection To Start Wednesday

The Prince Georges County Civilian Defense Council will sponsor a house-to-house tin can collection on September 29, and on the last Wednesday of each month thereafter.

The drive will cover the entire county. Residents are urged to place the cans on the street in front of their homes before 8 a. m., on the collection day. No second trips will be made by trucks collecting the cans. Those whose cans are not picked up by nightfall should call Union 1124.

All cans should be washed thoroughly, labels removed and flattened after the ends have been cut off. Evaporated milk cans are particularly needed, according to Mrs. Ruth P. Keane, chairman of the civilian war services in the county.

In rural areas, special containers will be placed at central locations where residents can deposit their tin cans.

Harry W. Rhodes is heading the local campaign committee.

Church Class Elects

The regular monthly meeting of the Couple's class of the Greenbelt Community Church was held in the social hall at the Elementary school Thursday evening Sept. 16 at 8:15 o'clock. Those present were Rev. Wilmer Pierce Johnston, Lieut. and Mrs. Donald Wilcox, Lieut. Comdr. and Mrs. C. N. Daniel, Mr. and Mrs. Carl Chesley, Mr. and Mrs. Philip Werner, Jr., Mr. and Mrs. Fred Birchard and son and Eugene Gishweller.

Officers elected for the coming year were: Lieut. and Mrs. Donald Wilcox, presidents, Mr. and Mrs. Fred Birchard, vice presidents; Mr. and Mrs. Philip Werner, Jr., secretary and treasurer and Mrs. Carl Chesley, social and advertising manager.

All newcomers are invited to attend the Sunday meetings of this class.

A total of 110,000 average tin cans will provide an amount of scrap steel normally required to produce the steel used in one medium tank or two light tanks.

Arthur Rysticken, commander of the civilian defense corps, announced that bins will be placed in the shopping center for the collection of metal and rubber scrap—The Greenbelt Citizens Association was scheduled to hold a September dance to aid the Russian War relief fund—Greenbelt faced double shifts for teachers and students as overcrowding became acute; the War Production Board would allow no new construction of buildings unless and until all present school facilities were being used at 200 per cent of capacity—The male shortage reduced mail deliveries to one a day.

(From the Cooperator of September 18, 1943)

About 35 tons of scrap metal and rubber were collected in Greenbelt as the salvage campaign swung into full stride by mid-week—The Greenbelt Community Band scheduled "Varieties" as their new show for October 2—244 new families moved into Greenbelt, leaving 260 homes to be filled—More than \$1300 worth of War bonds and stamps was sold at the Greenbelt Theater—Mrs. Frances Stauffer, public health nurse of Greenbelt, moved into her new quarters at 2-A Gardenway.

Five Years Ago

(From the Cooperator of September 15, 1938)

Last week the COOPERATOR appeared in printed form. An editorial explained that continuation in this form was dependent on two factors: First—the support of Greenbelt; Second—advertising revenue. Most people found the old paper attractive, but illegible, and the new one legible, but unattractive. Opinion was expressed that the big printed sheet lacked the warmth and informality of the smaller one, that it did not have the homeliness and intimacy of the small, magazine-size COOPERATOR, with pictures and personalized articles. Advertisements, though coming in at a good rate, could not cover publishing costs. Thus, a new medium was chosen—that of the magazine style.

(From the Cooperator of September 22, 1938)

Gala ceremonies ushered in the first program of the season at the Greenbelt Community Theater—Wilfred Husband, lecturer, was expected to speak at the Greenbelt Theater on the subject of "How the Swedish People conquered depression and created for themselves the world's highest living standard"—140 citizens indicated interest in a night school for Greenbelt—Foreign delegates attending the Seventh International Management Congress in Washington visited Greenbelt—The voters of Greenbelt elected their first council of five members.

Clothes Drive Planned

At the regular meeting held Thursday, September 9 the B'nai B'rith women of Greenbelt completed plans for a victory clothes drive. All clothes in good wearable condition that can be spared by the members will be collected and sent to the Red Cross headquarters as there is a great need for clothing in the war torn countries. Packages of clothing are to be delivered by the members to the homes of Mrs. Murray Krasnor 14-K Ridge Road and Mrs. Graniums 2-S Plateau Place.

Plans were also formulated at the meeting for membership tea and a children's festival to be held in October.

OUR NEIGHBORS

Henry, Ann and Rafe Pollack are spending a week's vacation in New York. They will stay with friends at Greenwich Village and Chelsea.

Mr. and Mrs. Frank J. Cignoni of Springfield, Massachusetts, are visiting their daughter, Mrs. Nelson Blair, at 17-D Parkway Road this week.

Mrs. Mattie Blake and Mrs. Lydalu Palmer of 1-D Eastway have entertained as guests recently, Dr. and Mrs. A. D. Tipton and their son, Delaney of Long Island, N. Y. and Mr. and Mrs. C. C. Cox of Memphis, Tenn.

Mrs. Raebelle Roberts who was the instructor at the canning classes held this summer issued an appeal this week to all persons who left canned goods at the Elementary School to pick them up promptly.

Mrs. Ruth Megill of 2-D Northway was honored at a stork shower last evening at the home of Mrs. William May of 2-C Northway.

Mr. and Mrs. Walter R. Volckhausen of 6-K Hillside road have returned from a vacation spent in the Berkshires at Monterey, Mass. They also visited New York City and West Englewood, N. J.

Community Church

The annual sermon of the Community Church will be preached in the auditorium Sunday morning at 11 o'clock by Dr. Frederick E. Reissig, the executive secretary of the Washington federation of churches.

Having an annual sermon preached by a visiting pastor is an innovation, but one which it is hoped will be so popular that it will become an annual institution.

Byron Roshon announced that the first autumn rehearsal of the Community Church choir will be held October 1 at 8 p. m. in the social room of the Community building. After the first rehearsal the choir will meet regularly at 8 o'clock Wednesday evenings in the social room. All of those who sang in the choir last year are urged to attend, and others who desire to sing in this choir are invited to be present for a try-out or they may contact Mr. Roshon at 4886.

The Church school will meet at 9:30 a. m. with ample provision for all ages and all classes.

Consolation after reading last week's column: At least I can bowl better than the printer can set type—at least that's who they blamed it on.

One amusing minute during the announcement of election returns over the loud speaker system: Charley Gentile's voice booming out that Bill Siegel had been elected dog catcher of Greenbelt and Bill readily accepting congratulations. The hardest part of his job will be to find a dog to catch.

Frank Lastner, hearing that he had been re-elected to the town council, came through in the last frame with a spare and seven count to sink Co-op in the first game 515 to 512.

Minutemen defeated the Tenderfeet 2 games to 1. Defenders lost 3 games to Lehen's Eagles and Paradise Land took 2 games from the Vitamen.

A new bowler this year, R. Bowman went to town with a game of 129. Looked like his brother Al when he started throwing strikes and spares.

Bowlers I miss this year: Arthur Rysticken, the Bells—Senior and Junior, Jim Mathers, Ken Jernberg, and Cliff Thrift. All are shooting for Uncle Sam now instead of strikes and spares.

Warning to lady fans: Put cotton in your ears if you're watching Red Allen bowl and he misses a strike with one pin standing.

Keep bowling and keep buying bonds for victory.

Dance At Clubhouse

There will be a dance at the Greenbelt Athletic Clubhouse tomorrow evening, 8:30 to 12 o'clock for members only. Music will be furnished by Van Camp's Melodiers. Regular admission will be 25 cents per person.

If every housewife in the Nation saves as little as two tin cans in one week, it would mean enough scrap steel to make the steel used in the hulls of three heavy cruisers, and the tin used in 20 submarines.

Shamrocks In Final Games Sunday; Party At Clubhouse Monday

The Shamrock notched their nineteenth and twentieth wins last Sunday in their very one-sided games with a young Merrick Club against but 16 losses. They hope to increase their victory side of the ledger by two as they close their season in a double-header with Earl Ridge-way's Capital Transit nine this Sunday.

The Shams have already met the trolley car boys in two double-bills earlier in the year and have earned an even break in both.

A couple of wins Sunday will put the men in a good frame of mind to enjoy their party at the Athletic Clubhouse Monday night. Baseball and softball players (Reps), their wives, Mr. and Mrs. Roy S. Braden, Mr. and Mrs. Allen D. Morrison, Mr. and Mrs. George Penagoulis, Mr. and Mrs. Andy Farkas and many others have been invited to attend.

Movies will be shown by Mr. Paul Kasko. Paul has many reels of sports in other years and will show this year's baseball shots filmed by Bill Holloway.

Civilian Defense

J. Robert Sherwood, director of the Prince Georges County Defense Council has issued an appeal for additional civilian defense volunteer workers. The civilian defense organizations have suffered a decrease in personnel within the past few months as volunteer workers have left to join the armed services, changed jobs or otherwise found it necessary to give up their volunteer work.

It is feared by many that the civilian defense set-up will be seriously hampered unless the ranks of workers are bolstered by new recruits.

Those who are willing to offer their services in this work are requested to fill out the accompanying form and mail to the Prince Georges County Civilian Defense Volunteer Office at the County Service building, Hyattsville.

16 Teams Under Way In Bowling League

The Greenbelt Men's Bowling League opened the 1943-44 season, with 16 teams lining up for the opening gun. Many of the bowlers were in mid-season form.

The Eagles whitewashed the Tenderfeet 3-0. The Redskins spurred by the presence of "Sling-in Sammy" Baugh at the alleys, took 3 games from the Police and Firemen despite some fine rolling by Ernie Boggs. American Legion, paced by Frank Lastner's 366, shut off Cliff Cockrill's Paradise Lane outfit. The match between the two "Minute Men" teams resulted in the Defenders taking 3 games from the Minute Men. Commandos with Vern Iseli in command took 3 games from the Triggersmen. Coop was in fine fettle as they rolled 1587 for high set, and 571 for high game, sparked by Fred DeJager's 357 and took 2 from the Vitamen Yankees took 2 from Corner Delicatessen as Prexy Lloyd MacEwen was in mid-season form, with 149-119-121 for a fine set. Snafu took 2 games from "Pop" Widger's Scorpions despite a fine 364 set by Howlin, whose 155 was high for the evening.

Greenbelters In Uniform

Paul B. Crane of 2-E Parkway is now serving in the U. S. Army at Camp Gruber, Oklahoma. He is with the famous "Rainbow Division" which achieved prominence in the last war in France. He is in the infantry and he carries a typewriter in addition to his regular pack.

Samuel A. Henderson, Jr. of 26-D Crescent Road was inducted into the Navy September 13th and was sent to the U. S. Naval Training Station in Bainbridge, Maryland September 20. His wife and baby daughter will remain in Greenbelt.

Five of the brothers of Tom Ricker, manager of the Greenbelt Consumer Services, are in the armed services. Bernard, a seabee and Stuart, a technical sergeant with the air corps have seen action in North Africa. Of the others, Paul is in the signal corps in Sacramento, Philip is a flying cadet at Kelly field in Texas, and Donald is in the motorized cavalry at Fort Knox, Kentucky.

Young People To Dance Saturday, October 9

Another in the series of young peoples' dances will be held Saturday, October 9, in the School Auditorium with Mrs. Rolfe Sauls as senior hostess.

This will be a masquerade affair and every boy and girl from the fifth grade through high school is urged to obtain their invitation from either of the following persons: Mrs. George Eshbaugh, Mrs. Joseph Long, Mrs. Frank A. Dunn, Mrs. Rolfe Sauls, Miss Barbara Rynnion, Miss Joan Schoeb, Miss Kathleen Scoll, Miss Doris Lehman, Miss Patricia Featherby, Miss Carol Tompkins, Billy Baxter, and Howard Fitzhugh. There is no charge for the dance.

Refreshments will be sold in the Home Economics Room. Invitations will be available after Sunday, October 3.

Ernie Boggs and Ray Glasgow Miss 'Hall of Fame' in Pair of 1-Hit Victories Over Merrick Clubbers

Zerwick, Holt And Holloway Pace Hitters

The Shamrocks won themselves a pair of ball games from a young Merrick Club as Ernie Boggs and Ray Glasgow collaborated to pitch sixteen innings of hitless, runless baseball. Final scores were 6 to 0 and 10 to 1.

In each instance it was in the ninth inning when the visitors garnered their only hits. In the second game Glasgow was robbed of a shut-out on a pair of errors and a third-baseline single.

Boggs Stingy

Ernie Boggs' feat of holding the enemy hitless for 8 innings enabled him to set a new Shamrock record of hurling 16 consecutive hitless innings. In his last start he blanked Navy Busanda and gave up but one hit, that in the very first inning. The blond fireballer fanned 17 batters, three times retiring the side on strikes.

Manager Boggs was effective at bat and on the bases as well as on the mound. He hit a single and double and coaxed bum throws each time he was on base to go all the way unmolested to score.

Zerwick Slugs

Bill Zerwick was the big batting star for the Shams. The eccentric gardener slammed one of Lenarduzzi's (Rip Sewell's) balloon balls far over leftfielder McKinney's head for his second home run of the season in the first game hit a double in the nightcap and totaled 3 for 6 for the day.

Ted Holt maintained his pace with 3 singles in 6 tries. Holt stole 2 bases while Zerwick swiped 3.

Holly Hits

Bill Holloway collected 3 singles in 4 tries in the first game. He was injured in the last inning when he was spiked tagging out Klipstein a second base. Klipstein had just clipped Boggs for the Merricks' only hit and had gone to second base when Holloway threw his glove at the ball as it passed over the bag. Boggs then picked the boisterous Klipstein off the bag with a quick throw to "Holly".

The presence of Julie Andrus in centerfield gave the Shamrocks their swiftest three man combination of outfielders they have ever had, Holt, Andrus and Zerwick.

Andrus, home on furlough, will help the Shamrocks to end their season this Sunday in a double-bill with the Capital Transit nine.

School Events

BY EDNA STRIPLING
AND MARILYN MARYN

The Elementary School enrollment is expected to remain at the present figure, approximately 700. Much can be said for the ingenuity and organizing ability of the school personnel in handling this large number of children in the present building.

First P-TA Meeting Monday

Mrs. Comly B. Richie, president of the Elementary School Parent-Teacher Association, announced that the first P-TA meeting of the year will be held next Monday night at 8 o'clock in the school auditorium.

A record attendance is expected as plans for the whole year are to be presented and voted upon. It is felt that all parents will want to work closely with the PTA this year as here will be additional problems due to wartime conditions. Their support will be needed to solve these problems.

An important feature for the parents is the monthly meeting of parent and teacher in the child's classroom at 7:30 o'clock preceding the general assembly at 8 o'clock.

This regular gathering of teacher and parents of the child, it goes without saying, is planned wholly for the child's welfare.

To Discuss Principal's Telephone

In the P-T A executive board meeting Monday, a proposal was made to furnish the principal with an office telephone as a service to the parents who need to contact the school at times as well as to the principal.

This will be voted upon at the regular meeting Monday night. The matter of equipping the classrooms with pencil sharpeners will also come before the meeting. There are only three sharpeners in working condition at present.

From The Halls Of G. H. S.

Elections for student council members were held last Friday morning. The new members who will govern our student body are Bob Simmons and Norman (Boone) Daniels from the senior class and Pat Robinson and Dotie Jefferies from the junior class. Barbara Runion and Gary Houver will represent the sophomore class and Carroll Byerly and Grady Oldham the freshmen. Class presidents Harry Lieper, Dick Palmer and Teddy Fox will also serve on the council.

The school newspaper, PIONEER has been started again this year and the first copy should be out Monday. Miss Pendergast has the direction of the Pioneer and although a full staff hasn't been chosen it is off to a good start.

Two new classrooms have been added to our school by partitioning the cafeteria. The steam table has been removed but sweets and milk will be sold. Also new this year is the book store in the book room where paper and notebooks can be purchased.

Scouts Registered

Troop 202's registration is being completed this week. Scoutmaster John Waldo announces. Last Tuesday night the boys held their first formal indoor meeting at the Legion House, following four outdoor meetings. Although the initial number of Scouts for the four patrols has already been reached, Mr. Waldo says that additional applications will be accepted for maintenance of a waiting list to be absorbed when the size of the troop can be enlarged later this year.

Included in the troop registration as committeemen are: Thomas R. Freeman as chairman, Dr. James McCarl, George Eshbaugh, Leon Benefiel, Allen Bryan, Major J. A. S. Nesbitt, and Paul Barnhart.

Patrol leaders, their assistants, and Scouters of the new troop are participating in the Prince Georges County Trainoree for Patrol Leaders this week-end, enjoying a camping and instruction session at the County Scout camp about three miles south of here.

The next troop meeting will be held at Greenbelt Lake, Tuesday at 7:30 p. m.

Former Teacher

the fact that she has taught all the elementary grades. Mrs. Fugitt was married eight years ago to Edward D. Fugitt. Although she has no children of her own she adopted her niece Doris Smith at the age of two, now 10. She feels deeply indebted to Doris for the lessons learned while devoted to her upbringing, and is convinced that her experience with her has been of inestimable value in her professional work. She does not hold with some that single teachers necessarily make the best teachers.

A meritorious job and one that indicates her inherent interest in children is the one she had for the past two summers; that of director of the day care center at the Parkside School. Mrs. Fugitt directed 4 teachers in an organized all day summer program for school children. Besides thoroughly enjoying this work she says she profited much from extending her experience into this new field.

One of Mrs. Fugitt's teachers, probably without being aware of giving a terse description of Mrs. Fugitt, said, recently when approached by the writer, that she was "lots of fun", then followed "good disciplinarian", "business-like", "dignified".

Happy combination! This teacher had taught with Mrs. Fugitt and spoke from experience.

The writer agrees that these qualities combined with a youthfulness that belied her years of experience and a poise that bespoke professional maturity will lead Greenbelt parents to feel that the Prince Georges Board of Education did them a good turn in sending Mrs. Fugitt to head the Greenbelt School.

To get the most good out of potatoes (they contain vitamins C and B1 as well as iron, protein, and calories), they should be cooked in the jackets. If they are to be peeled, it shouldn't be done until just before cooking them. If they are allowed to soak, they will lose vitamins and minerals.
